# CONNECTING THE TRAINING AND EDUCATION TOOLS TO THE SERVICES

- Training and skills services differ in mission, target, content

	DIHs	EU network
Aim	Train industry and research on specific digital technologies	Enhance the EU-wide capacity and capabilities for service providers to engage in digital transformation + Support DIHs
Services	Specialized courses on ecosystem/technology/business	EU market place on HR
	Training of personnel (on site trainings of existing employees)	Industry training
	Training young talent - cooperation with vocational institutes and Universities	Pan-EU network learning
	(Regional) strategy	EU skills strategy development
		Pan-EU policy training
		Training for EU-proposal development
		DIHs development and organizational growth

# HOW TO ORGANIZE META SERVICES?

- Many training courses/online education tools available
- Offered at different levels
  - University, DIH, IA, EU,...
- Leading to a pool of courses the IA ecosystem can use
- ....but also it is difficult to be aware of and find all this information
  
- **What is the role of EU networks:**
  - Provide training services themselves?
  - Provide access to available training services?
  - Identify common topics to develop training together and optimize efficiencies?
  - Connect to existing catalogues to develop overviews for end users?
  - ....

# I4MS SKILLS CATALOGUE OF TRAININGS AND NEEDS OF THE ECOSYSTEM

- Mayte Carracedo

# DITA – HOW WE ARE CONNECTING THE TRAINING OPPORTUNITIES & SERVICES ON DIGITAL TRANSFORMATION IN COOPERATION WITH DIHS?

- Andrea Jester

# BRAINSTORMING IN GROUPMAP

- Questions to the speakers?
- What training/courses do you currently offer as an IA?
- What further needs for trainings do you see and for whom?
- What meta training related services can we - as a group - offer to further strengthen the network?
- What (digital) tools can we use?
