

RESILIENCE WORKING GROUP UPDATE

BUILDING A STRONGER SOCIETY WITH ROBOTS

- Summer School

- 12th June 2020

11.45- 12.15	Resilience	
	Introduction (5min)	Geoff
	Each of the IAs to give a 5-minute update on the current or upcoming problems with regard to COVID, with a focus on the DIHs in the current networks;	IAs
	AgROBOfood (5min)	
	DIH2 (5 min)	
	DIH-HERO (5 min)	
	Trinity (5 min)	
RIMA (5m)		
	Conclusions (5min)	Geoff

PURPOSE & FORMAT

- Review current status of Working Activities
- Recieve update from all Ias of Covid-related changes to demand, needs and problems across Europe as perceived by DIHs
- Discussion

CURRENT PROGRESS

- 2 WG meetings held
- Identified some preliminary areas that need to be addressed
- Cannot add to short term response
- 2 White papers to be produced:
 - Medium Term: What can the IAs and related DIHs do to support the recovery
 - Longer Term: What can robotics do to be better prepared for future crises
- Webinar planned with Commission to discuss medium term results
- Need to be prepared to utilise EC, National and Regional funding that will be made available for recovery
 - Different regional plans

WHITE PAPER – PROPOSED FORMAT

- Overview
- The situation in Priority Application Areas:
 - Agile Manufacturing
 - Disruptions and changes foreseen
 - Capability of robotics to respond and / or support
 - Current status of products and services
 - Support required
 - Coordinating the response
 - Agriculture and Food Processing
 - Healthcare
 - Inspection & Maintenance
- Challenges faced by the Networks of DIHs and their member Hubs
- Regional requirements and European coherence
- Networks of DIHs as channels and multipliers for recovery actions
- Conclusions and recommendations
